Investment Products

Mutual Funds

A professionally managed investment where funds are pooled into diversified assets like equities, debt, or hybrids. Ideal for wealth creation with flexibility and transparency.

GIFT CITY “USD” Denominated Products

Investment options denominated in USD for portfolio diversification into global markets. Helps reduce currency risk while exploring international opportunities.

PMS / AIF

Custom portfolio strategies designed for high-net-worth individuals. These services offer focused investments aiming at superior risk-adjusted returns.

Insurance Plans

Comprehensive protection through life, health, and general insurance. Safeguards your family and assets against unforeseen risks.

NCDs / Bonds

Non-convertible debentures and bonds provide regular fixed interest income. Suitable for investors looking for predictable, stable returns.

Fixed Deposits

Secure investments with guaranteed returns over a fixed period. Perfect for conservative investors seeking capital protection and steady income.

Unlisted Shares

Access investment opportunities in companies before they are listed on stock exchanges. This option suits investors seeking higher growth potential with early entry.

Retirement Solutions

Structured plans that help you build a secure financial future post-retirement. Designed to accumulate wealth systematically to meet future needs.

Intelligent Advisory

Equity advisory products tailored as per your investment budget.

Real Estate

Complete support for registering real estate projects with the Real Estate Regulatory Authority, ensuring compliance with legal requirements and regulatory approvals.
